Comments

Important information and signature

The maternity allowance will be paid only as long as the employee has effectively ceased any lucrative work during her maternity leave, and for a maximum of 14 weeks. The maternity allowance will also be paid out if the person concerned does not return to work after her 14-week maternity leave has expired.

The employee or the employer pledge to inform immediately the AHV Compensation Fund should the employee return to work before the end of her maternity leave, due to the fact that any entitlement to further allowances will lapse as the result of such action. Maternity allowance paid unduly must be reimbursed. Penalties may be imposed in the event of a deliberate violation of the duty of disclosure.

We, the undersigned, confirm that we have read and agree to the above conditions, and declare that the information we have provided herein is accurate:
