~~In addition, two Floating Days (pro-rated for part-time employees) are given and may be taken at any time during the year, or during the year-end period, in accordance with the employee's needs and to fit in with the requirements of the business. These two days cannot be carried over to the following year.~~

~~Vacation days will not be deducted during public or company holidays. You should take your vacation in the course of the calendar year of entitlement and plan for at least one period of two consecutive weeks of vacation per annum. You should also keep your vacation balance at year end to a maximum of 10 days and use these days until April 30th of the following year.~~
